**Notes:** Under the financial interchange provision of the Railroad Retirement Act, the Railroad Retirement Board, the Commissioner of Social Security, and the Secretary of Health and Human Services make annual determinations of the amounts which would place the Federal Old-Age and Survivors, Disability, and Hospital Insurance Trust Funds in the same position in which they would have been if railroad employment had been covered by the Social Security and Federal Insurance Contributions Acts. Transfers represent transfer of amount due at end of preceding year with interest from due date to date of transfer. For years in which amount transferred is negative, transfer is from the Railroad Retirement System to the Social Security or Hospital Insurance Trust Fund.
